## **Disability Services and Facilities**

For children and youth from ages 3 through 21 who require special education and related services because they have disabilities as defined in Section 602(3) of the Individuals with Disabilities Education Act (the Act), the Act defines a “child with a disability” as one (1) with mental retardation, hearing impairments (including deafness), speech or language impairments, visual impairments (including blindness), serious emotional disturbance, orthopedic impairments, autism, traumatic brain injury, other health impairments, or specific learning disabilities; and (2) who, by reason thereof, needs special education and related services.

Escuela Técnica de Electricidad, has facilities to allow access of people with physical limitations to the branches. However, due to the nature of our study programs, full use of the physical faculties of the person is required, both for the practice units or laboratory, as well as to practice in the labor market.

Our mission is to promote a supportive learning community to empower students with disabilities to achieve their academic goals and in turn ensure accessibility to academic programs. Our goal is to promote greater awareness both for people with disabilities and for them in our environment.

## **Post-Secondary Passport Act of Reasonable Accommodation**
